ACE: Advanced Commerce ERP Class Syllabus

Audience:	Resellers and Customers*
Duration:	4 days
Location:	Lanham Associates – Norcross, GA
Prerequisites:	Solid working knowledge of NAV using RTC in NAV2015+
Class Preparations:	A Virtual PC HD image will be provided PRIOR to class. Attendees are REQUIRED to download on their own laptop. The laptop will need the following in order to run the VM:

- 2 GB RAM
- 15 GB of free space on your C-drive
- x86 virtualization compliant (AMD-V OR Intel VT-x – enable this feature in your bios).

*Customers are welcome to attend this class accompanied by their partner.

Course Overview

The Advanced Commerce ERP (ACE) Class is a four-day, hands-on class, using the most recent version of NAV and Lanham ACE. This class is for resellers and customers who are interested in learning how to install, configure, and implement Lanham's ACE solution.

For resellers, successful completion of this class is measured with two tests: one pertaining to Lanham's E-Ship application, and one for Lanham's EDI application. Certified individuals will receive a certificate acknowledging their accomplishment.

Agenda

Day 1 – Install and Setup E-Ship

- Installing Lanham ACE using the Toolbox
- Configuring external hardware – scanners and printers
- Getting started with E-Ship
- Packing a shipment
- Miscellaneous Packages
- Bills of Lading
