Course Overview

The ACE Warehousing Class is a three and a half day hands-on class, utilizing the most recent versions of NAV and Lanham software. This class is intended for resellers who are interested in learning how to install, configure and implement Lanham's ACE Warehousing solution.

Successful completion of this class is the first step in attaining an individual's **Lanham ACE Warehousing for NAV** certification.

AGENDA

DAY 1 – E-SHIP AND E-RECEIVE WITH ADVANCED WAREHOUSING

- Overview of the Complete WMS Solution
- E-Ship: Packing, Bill of Lading, and Item Tracking (except carriers)
- E-Receive: Receiving, Advanced Features, and Item Tracking
- E-Ship and E-Receive with WMS Integration
- Suggestions and Q&A

DAY 2 – ACE APPLICATION AND HARDWARE SETUP*

- Setup of Hardware for class
- Receiving and Put-away
- Movements, Replenishment, Physical Inventory
- Bin and Item Lookup
- Outbound Warehouse Request
- Picking and Packing
- Suggestions and Q&A

*Lanham traditionally takes the class attendees out for dinner on the evening of the second day of class. Please don't make other plans for this evening.

DAY 3 – ACE APPLICATION AND SOFTWARE SETUP

- Paperless WMS
- Item Tracking and ACE Warehousing
- Advanced Scenarios for ACE Warehousing
- Design of Miniforms
- Using and modifying Data Capture
- Setup and Security options of ACE Warehousing
- Setup of E-Ship and E-Receive with Toolbox
- Suggestions and Q&A

DAY 4 – MODIFYING THE ACE WAREHOUSING APPLICATION*

- Merge of the Objects and working with the code
- Installing ACE Warehousing (NAS, ACE Warehousing and more)
- Development and Debugging with ACE Warehousing
- Suggestions and Q&A

* Class ends at approximately 2PM on Day 4. For attendees making flight plans you should allow a minimum of 4-hours from the end of the class to your scheduled departure time.

ADDITIONAL INFORMATION

Once an individual has received their **Lanham ACE Warehousing for NAV** certification, the second step of the process entails participating in a successful Lanham ACE Warehousing implementation.

Lanham Associates certifies individuals rather than companies. A certified implementer is required in order to do a customer implementation.
