- 4 GB RAM
- 50 GB of free space on your C-drive
- x86 virtualization compliant (AMD-V OR Intel VT-x – enable this feature in your bios).

*Customers are welcome to attend this class accompanied by their partner.

Course Overview

The E-Ship and Lanham EDI Class is a four-day, hands-on class, using Microsoft Dynamics 365 Business Central Spring 2019 (US14.00) and E-Ship and Lanham EDI. Attendees can register for E-Ship only or the entire four days. This class is for resellers and customers who are interested in learning how to install, configure, and implement the Lanham solution.

For resellers, successful completion of this class is measured with two tests: one pertaining to E-Ship application and the other for Lanham EDI application. Certified individuals will receive a certificate acknowledging their accomplishment.
